INTERNSHIP EXPERIENCE

2026.07 - 2026.09	ByteDance	Product Operations Intern, TikTok LIVE	Beijing
Background: Supported overseas B2B operations for TikTok LIVE, focusing on creator and agency growth and the pilot operation of AI-assisted livestreaming tools AI Smart Prompter: Analyzed creator adoption and livestream signals, including ASR, comments, gifts, and fan-group activity; helped expand the topic pool using trending TikTok hashtags and event-driven topics. Improved topic adoption from ~30% to ~50% during the pilot Localization: Worked with local POCs to adapt multilingual scripts for MENA and other markets, improving content readability and increasing the prompter capacity from 50 to 125 characters Livestream Reports: Supported the pilot launch of AI-generated livestream performance reports covering session summaries, sentiment analysis, visual quality, and actionable recommendations. Produced 100+ reports for 12 MENA agencies and 2 Southeast Asian agencies, using agency feedback to improve report modules, prompts, and overall usability			
2025.02 - 2025.08	MSL, Publicis Groupe	PR Intern, Medical Devices Team	Beijing
Background: Supported integrated communications and patient-education campaigns for clients including Sanofi, Innovent Biologics, Johnson & Johnson MENTOR, Alcon, and Saudi Tourism Authority Sanofi 318 Liver Care Campaign: Supported campaign strategy, competitor analysis, bilingual documentary production, media/influencer partnerships, and livestream execution. The campaign generated 7.14M+ views, 2,987 shares, and 2.7M+ livestream views, and received 4 industry awards Innovent x Mars Pharmaceutical Product Launch: Supported messaging development and content packaging for a new product, contributing to 1.5M+ impressions and 600K+ reads Johnson & Johnson MENTOR Product Launch: Supported press release development and on-site execution for the 2025 China Breast Augmentation Summit Alcon Industry Report: Analyzed key insights from a Gen Z retail health report, supported visual content development, and conducted media monitoring and data tracking using Excel Saudi Tourism Authority: Supported bilingual media relations and on-site execution for the “Dream Saudi” China campaign			
2024.12 - 2025.02	Xiaohongshu	Social Marketing Intern	Beijing
Background: Supported major Spring Festival campaigns, including Everyone’s Spring Festival and the “TikTok Refugees” topic, covering content operations, moderation, data tracking, and real-time trend monitoring Spring Festival Campaign: Coordinated creator content, monitored real-time trends during a 7-hour livestream, and supported UGC/KOL content review and compliance. Helped launch 590+ topic pop-ups, contributing to 1.4B+ interactions and record-high campaign engagement Data Tracking and Analysis: Conducted topic performance tracking and basic analysis using internal data tools and Excel, providing insights for real-time content and traffic optimization “Global Village” Hashtag Operations: Supported the influx of overseas TikTok users by reviewing multilingual and cross-cultural UGC/KOL content and maintaining content quality and compliance			

PROJECT EXPERIENCE

2025.12 - Present	Douyin Livestream Operations	Project Lead	Seattle
- Managed end-to-end livestream operations, including content planning, real-time scripting, and performance analysis. Achieved 800 average and 1,500 peak concurrent viewers; grew followers from 20K to 70K in three months (+250%). Led short-form content from scripting to publishing, optimizing for completion rate and engagement - Managed brand partnerships from outreach and negotiation to execution. Operated 7 fan communities, including four 1,000+ member groups and three membership communities, with user segmentation and engagement strategies			
2025.12 - Present	Redesigning Duolingo Korean Learning for K-pop Fans	Project Lead	Seattle
- Researched Korean-learning behaviors among global K-pop fans aged 16 - 28, identifying key motivations and pain points. Defined a differentiated positioning centered on fan-first learning, idol-driven content, and immersive culture - Led prototype development and feature architecture around concerts, fan meetings, and lyric learning. Conducted three rounds of remote 1:1 usability testing with users of different fandom levels and Korean proficiency, collecting qualitative feedback and usability ratings			

CAMPUS EXPERIENCE

2021.10 - 2022.12	University of Sydney Student Representative Council	Standing Committee Member	Sydney
- Elected to represent international students in student union decisions, reviewing event budgets and resource allocation. Led campus communications, coordinating media outreach, copywriting, and team execution to improve event reach - Handled 20+ student cases, including academic appeals and campus discrimination, and worked with the university to improve response mechanisms. Built and managed international student communities with 1x300-member and 2x100-member groups
